

Alliant Energy® Customer-Hosted Renewables

Marshalltown YMCA-YWCA Solar Project

Alliant Energy and the Marshalltown YMCA-YWCA will partner on a solar project on land donated to the nonprofit by a community member in Marshalltown, Iowa. This will be the first Alliant Energy® Customer-Hosted Renewables project to begin construction in Iowa and the first customer-hosted solar partnership with a nonprofit organization. Clean energy generated from the completed project will be distributed throughout the community.

Why solar?

Clean energy, including solar, has become increasingly cost effective in the last few years. Solar creates energy customers can enjoy for many years, with no added fuel costs and low operation and maintenance costs. With this solar project, the Marshalltown YMCA-YWCA showcases its commitment to sustainability.

Alliant Energy owns and operates the Marshalltown YMCA-YWCA Solar Project to efficiently deliver affordable, reliable and safe energy to homes, businesses and communities. Partnering with customers to develop solar projects is just another way we keep our customers at the heart of everything we do. For more information, visit poweringwhatsnext.alliantenergy.com.

Clean Energy Blueprint

The Marshalltown YMCA-YWCA Solar Project is part of our Clean Energy Blueprint, a strategic roadmap to cost-effectively accelerate renewable energy and reduce carbon emissions. Alliant Energy's sustainability goals include eliminating all coal from our generation fleet by 2040 and aspiring to achieve net-zero carbon dioxide emissions from the electricity we generate by 2050.

Alliant Energy works tirelessly to modernize its utility grid for the benefit of future generations of customers across Wisconsin and Iowa. We build smarter energy infrastructure to deliver cleaner, more reliable, and more resilient energy to all customers while maintaining affordable rates. A smarter grid means customers get more control, choices and flexibility.
